PALMER ELECTED.

He Will Represent Illinois in the United States Senate.

THE LONG CONTEST ENDED.

After One Hundred and Fifty-Four Ballots an Agreement is Reached by a Majority of the Illinois Legislature. Brief Biographical Sketch of Mr. Palmer's Life.

SPRINGFIELD, Ill., March 12.—It appeared to be a foregone conclusion yesterday morning that Gen. John M. Palmer would be elected United States senator at noon by the solid 101 Democratic votes of the joint assembly, assisted by those of two of the Farmers' Mutual Benefit association men, Moore and Cockrell. Let the Republicans were not ready to go down without a struggle. They held a caucus to see if they could not at least kill off the Democratic candidate. To that end, the steering committee was empowered to handle the matter as it might think best.

That committee held a consultation and at its conclusion sent for Representative Moore, one of the Farmers' Mutual Benefit association men, and offered him the solid Republican vote of 100 if he and his confederates, Cockrell and Taubeneck, would join them. This offer was considered good politics in any event. If accepted, it would defeat Gen. Palmer and put the Farmers' Mutual Benefit association under decided obligations to the Republicans; if rejected, it would put the farmers in the anomalous position of refusing to help elect a farmer.

It was tempting lure; but Moore did not lose his head. He said: "I regret to be obliged to disappoint you, gentlemen, but your offer comes too late. After waiting eight weeks in vain for Republican support, Cockrell and myself have decided to give our votes to Gen. Palmer, and have affixed our signatures to an address to that effect. I appreciate your kindness, and I appreciate that a great majority of your party has always been sincere, but now honor points out to me but one line—to cast my vote to-day for John M. Palmer in accordance with my pledge. I thank you for the honor which you extend and assure you of my best wishes for you all."

The steering committee in discussing the situation finally decided to give their vote to Senator Fuller, chairman of the steering committee in recognition of his services as a leader in case every member would pledge himself to obey the mandate of the committee.

In the meantime every available inch of space in the chamber open to the public had been occupied by a throng intensely eager to witness the closing scenes in this memorable contest.

The Republican steering committee ordered their members not to answer preliminary roll call. Senator Evans, however, disregarded the committee's injunction and answered "here" when his name was called. On the roll call of the house both Cockrell and Moore answered "here," and were loudly applauded by the Democrats and visitors in the galleries. On Taubeneck's failure to answer to his name there was a slight ripple of applause on the Republican side, which was quickly suppressed by the steering committee.

"Twenty-five senators and seventy-nine members of the house have answered to their names," said the speaker. "It is now in order to take another vote for United States senator."

When Cockrell's name was called he rose to his feet and said: "Mr. Speaker, 'No speeches, object, vote, vote,' shouted forty republican voices in unison."

Pandemonium reigned supreme for a minute, but the Republicans still stoutly objected to Cockrell explaining his vote.

"If you will keep your mouths silent a minute I will vote," said Cockrell.

"No speeches, no speeches," "I vote for John M. Palmer," said Cockrell.

For a few minutes the Democratic shouts and cheers that reverberated through the capitol were deafening. After a slight lull they were renewed and it was two minutes before order could be restored. The Republicans remained silent as the roll proceeded. Moore's name was called, the gentleman arose deliberately, and in a perfectly calm voice said: "John M. Palmer."

Again a Democratic enthusiasm found vent in prolonged cheers, and hats and papers were thrown wildly in the air.

When the name of Morris, the colored Republican, was called, that gentleman voted for Cicero J. Lindley.

The program now became for all the Republicans to vote for Fuller or any other man to receive the full Republican vote.

Representative Taubeneck when his name was called, voted for "A. J. Streeter, nominee of the Farmers' Mutual Benefit association party," and dropping to his seat, burst into tears.

His sincere sorrow no one doubted and cheer after cheer from the Republican side rewarded his loyalty to his party nominee.

The verification of the roll showed every Republican voting for Lindley, every Democrat for Palmer, Moore and Cockrell for Palmer and Taubeneck for Streeter.

"On the 15th ballot," said Speaker Crafts, "the whole number of votes cast is 204—necessary to a choice 103—of which John M. Palmer has received 103 votes, A. J. Streeter 1 vote and C. J. Lindley 100 votes; and I hereby declare John M. Palmer duly elected United States senator to represent the state of Illinois in the congress of the United States for the term of six years."

Deafening applause from the Democratic side and galleries greeted this announcement.

The Democratic representatives cheered themselves hoarse and mounting their desks threw hats and papers and baubles in the air. Several members blew horns.

A joint committee was appointed to notify Gen. Palmer of his election. He was conducted into the chamber by the committee, appeared by the side of the speaker and was greeted with great applause.

Speaker Crafts introduced him and he spoke as follows: "Gentlemen of the Thirty-seventh general assembly, you ought scarcely expect me to speak at this time. I feel more like saying: 'Ain't I glad to get out of the wilderness.' I thank you 101 members for vindicating the rights of the people. By a plurality of votes was expressed the desire of the people to select me senator, and my election is historical. You men who have labored so long to elect your independent candidate also deserve my thanks. [Applause.] My personal friends, I thank you, too—you in this contest represented the old method of electing senators. I thank you that the contest has been free from personalities. [Applause.] The occasion does not require a long speech."

Gen. Palmer spoke in his usual off-hand, unpretentious way, without any emotion at a speech. He made a good impression and was repeatedly cheered, and at the conclusion of his address he was loaded down with flowers.

On motion of Senator Noonan the joint assembly adjourned sine die, and the blowing of horns and clapping of hands and the cheering began in earnest. Messrs. Moore and Cockrell were subjects of an ovation at the conclusion of the proceedings. Democratic members and visitors, among them hosts of ladies, surrounded them and extended congratulations.

John Macauley Palmer was born in Scott county in 1811. During his infancy his father, who had been a soldier in the war of 1812, removed to Christian county, Ky., where he remained until 1831, when he emigrated to Madison county, Ill. Young Palmer received a little schooling. During the summer of 1838 he formed the acquaintance of Stephen A. Douglas, then making his first canvass for congress. Young, eloquent, and in political accord with Mr. Palmer, he won his confidence, fired his ambition and fixed his purpose to enter upon the study of the law, and he was admitted to practice in 1839. From that time on he was much interested in politics. In 1843 he became probate judge.

In 1847 he was elected to the state constitutional convention, where he took a leading part. In 1852 he was elected to the state senate. He ran for congress in 1859, but was defeated. In 1860 he was republican presidential elector for the state at large. In 1861 he was appointed one of the five delegates, all Republicans, sent by Illinois to the peace congress at Washington.

When the civil conflict broke out he offered his services to his country and was elected colonel of the Fourteenth Illinois infantry, and participated in the engagements at Island No. 10, Farmington, Chickamauga, and Stone river, and for his gallantry at the latter place was made a brigadier general; under Gen. Sherman he was assigned the Fourteenth army corps and participated in the Atlanta campaign. In February, 1865, he was assigned to the military administration of Kentucky.

Gen. Palmer was nominated for governor of Illinois by the Republicans in 1868, and elected by a large majority. His political course during the term was such as to alienate him from his party and his acceptance as a Democrat, which he has ever since been, but though a force in politics since then he has remained in private life. He received the endorsement of the Democratic state convention, held in June last, for the office of United States senator, and the instructions which every Democratic senator and representative elected in November last received were considered as obligating him to vote for no one else for United States senator.

Democrats Rejoicing All Over the State. CHICAGO, March 12.—Dispatches received from all over this state show that the Democrats are wild with delight over Gen. Palmer's election to the United States senate. Bonfires were blazing and cannon booming in nearly all the cities and towns of Illinois last night.

Salutes of Honor at Nashville, Tenn. NASHVILLE, March 12.—Governor Buchanan on learning of the election of Gen. Palmer to the United States senate ordered out the Washington battery to fire a salute in honor of the event. One hundred guns were fired for Palmer and the Democratic members, and one each for Cockrell and Moore.

One Ballot Taken in California. SACRAMENTO, Cal., March 12.—Only one ballot for United States senator was taken yesterday by the legislature. The Republicans have thus far declined to go into the caucus to decide upon a candidate. Two members who voted for Perkins yesterday changed them to Estee yesterday. Estee also received the vote of a member who was absent Tuesday. Two of Blanchard's supporters Tuesday voted for DeYoung yesterday. It is thought that the final contest will be between DeYoung and Estee. The following is the result of yesterday's ballot: M. M. Estee 29, M. H. DeYoung 24, Charles N. Eilston 13; scattering 20. Goucher, Democrat, who, under Democratic caucus arrangement was substituted for Ostrom, received the full Democratic support—25.

MEMPHIS, March 12.—Lawyer David Poston, who was shot Tuesday morning by Col. King, died shortly after 6 o'clock yesterday evening. Col. King, in his cell at the jail, received the news of his victim's death in the same cool manner that has characterized his bearing since the tragedy occurred.

CHINA AND JAPAN.

Some Startling News from Those Two Countries

RECEIVED BY LATEST STEAMER.

Three Hundred Pirates, Robbers and Other Criminals Beheaded—Twelve Hundred Houses Destroyed by a Cyclone—Nine Persons Burned to Death in China—Russian Vessels Capturing Whales Off the Coast of Japan Without Authority.

SAN FRANCISCO, March 12.—The steamer City of Peking arrived from Hong Kong and Yokohama yesterday evening bringing advices that some 300 pirates, robbers and other criminals were beheaded in Kwantung province during the last few days of the old Chinese new year.

The town of Chobo, on the banks of the Black river, Tonkin, was surprised late in January by a band of 500 rebels, plundered and burned. The French president was shot and decapitated, and two other French officials were killed. The rest of the Europeans managed to escape, some by swimming across the river and others by hiding in the bushes.

Several of the pirates who robbed the British steamer Ramoa of \$30,000 and killed the captain and some of the crew have been arrested, including, it is said, the chief.

Russian vessels are capturing whales off the coast of Sado, Japan. To evade the law the whalers are manned by Japanese and fly the Japanese flag. The Japanese authorities are puzzled to know how to act in the matter.

The Japanese parliament has made an appropriation to be used in the study of Koch's remedy, and three or four Japanese physicians will soon proceed to Germany.

A Siam paper says a report is current that a cyclone raged at Champon, destroying 1,200 houses, and causing the flooding of the whole country.

The losses arising out of the fire at Bangkok in January are estimated at \$1,200,000. Nine persons were burned to death.

The Chin Hun bank, of Shanghai, has failed, with liabilities of 400,000 taels. The bank had a branch in Hong Kong in charge of the manager's son. Some sharpers got hold of the young man and induced him to speculate in Mexican dollars. He lost 150,000 taels in one transaction and precipitated the failure.

The Canadian Pacific company's steamer Empress of India is daily expected at Hong Kong. Among passengers who will come to San Francisco is the Czarowitz of Russia; the Grand Duke George, his brother, has returned to St. Petersburg from Bombay on account of sickness.

MINERS' CONVENTION CALLED. A Very Important Conference to Be Held in Pittsburg April 7.

COLUMBUS, O., March 12.—A call for one of the most important conventions of miners and mine operators ever held was issued from the executive office of the United Mine Workers here yesterday by Secretary P. A. McBryde. It calls a conference of miners and mine operators to meet at Pittsburg on April 7 to consult upon questions of wages, etc.

The near approach of the time, when by resolution of the miners in convention here last month the eight-hour day is to be everywhere demanded, makes it of far more than usual interest. Miners from Ohio, Pennsylvania, West Virginia, Indiana and Illinois will be represented.

Prospects of a Tie-Up on the Big Four. SPRINGFIELD, O., March 12.—The grievance committee of the Sandusky branch of the Big Four returned from Indianapolis, where they have, with grievance committees of other divisions, been in conference for four days with the Big Four crowned heads, including President Ingalls. They have been unsuccessful so far in their arguments for having wages raised to the system's standard. The tyvill return to Indianapolis Friday to have further conference. A well posted employee says that the feeling is such that a tie-up of the whole system may result unless the management makes some concessions. Each division has a grievance.

Railroad Employes Laid Off. PITTSBURG, March 12.—Over fifty men employed by the Pittsburg and Lake Erie Railroad company in its general offices and on the main line and Pemick road, have been temporarily suspended. The cause of these dismissals is said by the officials to be the coke strike, which has reduced the road's enormous traffic to small haulage.

Narrow Escape From Death. BALTIMORE, March 12.—The Rev. F. R. Watts, of St. Louis, a delegate to the Baltimore colored conference, narrowly escaped death near Harpers' Ferry yesterday. While his train was running at full speed Mr. Watts fell into a dose, and some person behind him in conversation used the word "wreck" several times. The minister, imagining that something was about to happen to the train, ran to the platform and made a wild leap into space. The train was stopped and Mr. Watts was found in a ditch badly cut and bruised, but he will recover.

SAN FRANCISCO, March 12.—The committee having in charge the local arrangements for the funeral of the late Senator Hearst, has completed all arrangements. Governor Markham and a number of prominent citizens of the state have been asked to act as pallbearers. The third regiment will take charge of the remains on arrival of the funeral train, and escort them to Grace church. There they will lie in state until Sunday afternoon, when the funeral services will be held.

INTO THE COURTS.

The Base Ball Muddle a Problem for the Judges to Solve.

CINCINNATI, March 12.—The local base ball muddle has reached the court at last. Before Judge Maxwell yesterday morning a plea was filed in the superior court as follows:

The plaintiffs are Charles A. Prince, John C. Haynes, Arthur Dixwell and Julian B. Hart, of Boston, and George and J. Earl Wagner, of Philadelphia.

The defendants are Al. Johnson and F. H. Brunell, of Cleveland; John M. Ward, of Brooklyn; E. B. Talcott, of New York; John E. Bruce, of Cincinnati; A. G. Spalding, of Chicago, and J. Palmer O'Neil, of Pittsburg.

Plaintiffs say they, with Johnson, Brunell and Ward, formed an incorporation last October for the purpose of succeeding the League club of Cincinnati and placing the same in the Players' National League. Johnson, Brunell and Ward were appointed trustees for the benefit of all.

Plaintiffs say that the trustees are about to or have entered into a conspiracy for the purpose of diverting the purposes of the corporation, and to injure and harm these plaintiffs, and in prejudice to their interest have fraudulently conspired to sell out to the National League.

Hence the court is asked to appoint a receiver for all the effects of the club and finally for a sale of all its effects and franchises and an equitable division among all the stockholders of the proceeds in proportion to their interests.

Another player is that the corporation owns the lease to the Western avenue grounds and the court is asked to restrain any attempt to use the grounds for any purposes other than was contemplated by the forming of this incorporation.

A temporary order was granted as prayed for, and thus the grounds are tied up.

The Association met at 3:15 p. m. and heard the report of the committee on finance, composed of Von der Ahe, Barnie and Hart. This gave the expenses of the Association, and embraced an estimate of the cost of establishing a club in this city.

The committee on grounds are considering the Oakley and Covington grounds, and also grounds in the city.

Although Johnson has not yet resigned from the board of directors, the Association will admit the new Cincinnati club, and elect some one to represent it on the board.

The Association will take up the schedule, and revise it to avoid as far as possible all conflict of dates.

After this the association will adjourn, leaving Schmelz, Von der Ahe and Barnie to complete the organization of the local club, arrange for the grounds and players and place it on its feet. They will remain until Saturday.

Several famous League players under reserve, but not signed, will probably play here this season. Mike Kelly, of \$10,000 fame, will be captain and manager of the new Cincinnati club, and have charge of one of the strongest teams in America. The men for this team are all chosen, and their promises to play here have been obtained. Besides Kelly the only one whose name can be secured as yet is "Yank" Robinson, the famous second baseman of the St. Louis Browns. He stands equal to McPhee in his position.

It is stated that assurances have been received that all the stock of the new club will be taken within ten days or two weeks by parties in Cincinnati, which makes it a home club.

Liberal Offer Refused.

NEW YORK, March 12.—Manager Mutrie yesterday offered Keefe, the star pitcher, \$2,500 to sign a contract to play with the "Giants," but Keefe refused to sign for less than \$4,500.

Catcher Caught.

LOUISVILLE, March 12.—Manager Chapman telegraphs from Cincinnati that he has signed John Cahill, who caught Doran in the New Haven club last year.

BATTLE IN KENTUCKY.

Six Men Fatally Shot and a Score More Slightly Wounded. CATLETTSBURG, Ky., March 12.—Reports just received at this place tell of a terrible battle Tuesday night, with fatal effects, at Kilgore, a small mining town on the Newport News and Mississippi Valley road, about twenty miles west of this point, in which six men are said to have been fatally shot and several others slightly wounded.

For some days the belles and beaux of the little hamlet have been making preparations for a grand ball to be given at the public hall.

To make the occasion more delightful the young men purchased a quantity of Ashland "forty rod" Tuesday evening. The hour for the dance rolled round and also the jugs of red-eye. The ball room was crowded with men, women and children. Early in the evening the men began to get jolly and as the night wore away began to show signs of intoxication. Exactly what led to the battle no one seems to know. A quarrel arose between two of the dancers over a young man present. Suddenly a shot was fired and a panic ensued, which ended as above related.

Death of a Colored Midget.

NEW YORK, March 12.—Gen. Wood, the colored midget, whose true name was Charles J. Fletcher, aged 60 years, was found dead in his room, at No. 10 First avenue, where a number of "freaks" board, yesterday. When the door of his room was broken open by his manager, who was called by the landlady on account of the strong smell of gas, Gen. Wood was found dead in bed with the gas turned fully on. One of the freaks thinks that he left his gas burning, and that the landlady turned it off at the metre some time in the night and turned it on again later. This the landlady denies having done. The deceased has a sister in Germantown, Pa., one Mrs. Mary Jackson. He also has two brothers in the same state.

EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.

ROSSER & MCCARTHY,
Proprietors.

THURSDAY, MARCH 12, 1891.

A Grand Man.

The BULLETIN approached a Democrat and a couple of Republicans yesterday afternoon with the remark, "I don't know whether two of you fellows will be glad to learn the news or not, but one of you will."

"Is it Senator Palmer?" inquired one of the Republicans.

"That's the news brought by a telegram just received."

"Well, we were just talking about the General," continued the Republican. "He's a grand old man, and if you Democrats will always elect men like him we Republicans will not kick."

A prominent Democrat who knows the new Senator says he's the "best man in the West."

The news of the election was received with rejoicing.

MAJOR ALEX. GRANT, of Frankfort, wants to be Register of the Land Office. It looks like there is to be a hot fight all round for the Kentucky "plums."

You could tell a Democrat as far as you could see him yesterday afternoon by the glad light that beamed from his eyes. And why? Well, wasn't General Palmer elected Senator in Illinois? Isn't that enough to make their faces shine?

"SENATOR BLACKBURN and the editors of two newspapers are about the only opponents to Mr. Cleveland in the State, on account of his recent letter on the Silver bill. This little mite will hardly carry the balance of the party with it," says the Bourbon News. Is Congressman Ellis so insignificant that you overlooked him?

THE Democrats score another victory. The "monarch of the barn yard" is on a spree, he's crowing lustily, and every true Democratic heart is bounding with joy. General Palmer has at last been elected U. S. Senator in Illinois. He won on the one hundred and fifty-fourth ballot. Our dispatches tell the rest of the joyful tidings.

THE Louisville Times' Frankfort correspondent has been doing some wild figuring. He stated a few days ago it would cost \$100,000 to print 500,000 copies of the new Constitution for distribution among the voters. Public Printer Johnson says it will not cost \$10,000 to print that many copies and distribute them in every county in Kentucky. And the Public Printer is a level-headed fellow.

Start a Canning Factory.

"Farmers should encourage the location of canning establishments in their respective communities," says the Cincinnati Commercial-Gazette. "The canning of fruits and vegetables has become a great business in this country and is growing; and it is noticeable that farm lands near existing factories or points of their proposed location, are rapidly advancing in price."

"The Spanish Conspiracy."

The Frankfort correspondent of the Louisville Times says: "The 'old timers' here, who have seen the prospectus of Thomas Marshall Green's new book are predicting some salty publications in the shape of replies to it when it appears. The aforesaid prospectus claims for the author that he will prove Wallace, Innis, Sebastian and Brown participants and ringleaders in the alleged Spanish conspiracy, and while it does not claim that it is, the book is undoubtedly a reply to that completed just before his death by Colonel John Mason Brown. The living friends of Colonel Brown, and likewise enemies of Humphrey Marshall, the elder, regret that the book couldn't have appeared before the former's death, but promise that its statements shall not go unchallenged."

Stock and Farm News.

W. H. Wilson, of Abdallah Park, has sold the stallion Greenleaf (2:22½) for \$5,000.

The directors of the Tobacco Growers' Association have decided to hold the next sale on Tuesday, March 17.

Georgetown Times: "The continued bad weather has prevented the preparation of tobacco beds. The low price of tobacco is not calculated to increase the acreage the coming season."

Of the 500,665 live cattle exported from the United States and Canada during 1890, 199,028 went to Liverpool, 137,735 to London, 74,820 to Glasgow, 64,716 to Newcastle, 17,529 to Aberdeen and 14,448 to Hull.

The Danville Advocate says: "Offers of 5½ cents for cattle, June delivery, are reported to have been made to parties in this section. The report has not been confirmed, but the activity in the market leads to the belief that prices very near these figures can be secured."

THE A. AND M. COLLEGE.

Its Advocates Win, and the Tax For Its Benefit is not Abolished.

Hon. C. M. Clay, Jr., has returned from his political jaunt through Eastern Kentucky and resumed his position yesterday as President of the Constitutional convention.

The friends of the State Agricultural and Mechanical College came out victorious in their fight to prevent the abolition of the one-half cent tax for the benefit of said institution. As finally adopted, the clause on this subject reads as follows:

Section 2. The bond of the Commonwealth issued in favor of the Board of Education for the sum of \$1,327,000, shall constitute one bond for the Commonwealth in favor of the Board of Education, and this bond and the \$73,500 of the stock in the Bank of Kentucky held, by the Board of Education, or its proceeds shall be held inviolate for the purpose of sustaining the system of common schools. The interest and dividends of said fund, together with any sum which may be produced by taxation or otherwise for purposes of common school education, shall be appropriated to the common schools, and to no other purpose. No sum shall be raised or collected for education other than for the common schools until the question of taxation is submitted to the legal test, and the majority of the votes cast at said election in favor of such taxation, provided, however, the tax now imposed for educational purposes and for the endowment and maintenance of the Agricultural and Mechanical College shall remain until changed by law.

Section 3 was adopted without amendment, and is as follows: "The General Assembly shall make provision by law for the payment of interest of said school fund. The General Assembly may make provision for the sale of the stock in the Bank of Kentucky, and when sold, the Commonwealth shall execute a new bond to the Board of Education, including therein the proceeds of said bank stock, and with same conditions and for same purposes as the existing bond."

After this was disposed of, the convention went into a discussion of the question as to what shall be done with the unallocated portion of the school fund.

Real Estate Transfers.

J. T. Long to Anika Moore and others, 57 acres and 23 poles of land on Lexington pike, near Maysville; consideration, \$4,000 cash.

Thomas McGhee, Jr., to Wm. H. McGhee, 2 rods and 17 poles of land on Johnson Creek; consideration, \$30.31½.

Mollie E. Botts and husband to George Creek. (Ratification of an old deed.)

Joseph Hendrick and wife to George Cheek, grantors' interest in 34 acres, 3 rods and 31 poles of land near Minerva; consideration, \$1,846.05.

Mrs. R. A. Jennings, H. C. Botts and wife and Jos. Hendrick and wife to Geo. Cheek, three-quarters of an acre, near Minerva; consideration, \$32.

A Pin's Travels.

Henry Marshall, a grocery clerk at Owensboro, has just had performed upon him an operation which reveals the extraordinary travels of a pin. For several years he has been suffering from what was supposed to be a hernia, and has been wearing a truss. No relief being obtained a surgical operation was decided upon. The knife disclosed a brass pin imbedded in his flesh between two sinews. Phosphates had accumulated around the pin until it was as large as a man's little finger. Since the operation the patient has been perfectly easy. He is supposed to have swallowed the pin when a child.—Bourbon News.

Attached Their Tobacco.

The Enquirer says: "Two suits in attachment were entered in 'Squire Gass' court by J. G. Wilson. Both are for goods sold and delivered and balance due on promissory notes. One was against Robert Humes, for \$275.70, and the other against Wm. L. Wilson, for \$147.57. Constable Bailey attached nine hogsheads of tobacco belonging to the two men, which were stored in Rattermann's warehouse. All parties are tobacco planters and reside near Maysville."

Be Warned in Time.

When the tongue of trade is coated; when the eyes and limbs of the clerk are dull and languid; when the raging fever tackles the empty vitals of the till; when the spider roosts in the cash box and bouquets of decay are on the chandelier, it is conclusive that the advertising doctor has not been consulted.—Senola (Ga.) Enterprise Gazette.

Annual Meeting.

The annual meeting of the Commercial Club will be held at their rooms on Friday evening, 13th instant, for the election of President and Directors for the ensuing year. According to the by-laws only those actually present will be entitled to vote. A full attendance is desired. W. LARUE THOMAS, President. R. A. COCHRAN, Secretary.

NEEDHAM PARRY

Sudden Death of An Aged and Highly Esteemed Farmer, Near Washington.

Mr. Needham Parry, an aged and highly respected farmer, died this morning at 4 o'clock at his home two miles south of Washington.

Many of his friends were aware of his illness, but they were shocked by the sad and unexpected news. His death was the result of an attack of acute pneumonia, superinduced by the gripe with which he was taken down some ten or twelve days ago.

Deceased was seventy-eight years of age and was a native of this county. He was born near where he died and his life was spent in that vicinity. He was a man of sterling character, greatly beloved by his friends, and highly esteemed by all his acquaintances.

His wife survives him. She is a sister of Mr. D. Wood, of this city. He leaves two children, both sons—Mr. Thomas Parry and Mr. Lewis K. Parry. The former resides at Kansas City, and holds a position on the editorial department of the Daily Times of that city.

Deceased leaves three brothers, Circuit Clerk Ben D. Parry, of West Third street; Dr. H. L. Parry and Mr. Thomas Parry, of the Mayslick neighborhood.

Arrangements for the funeral have not yet been announced, but the services will probably be held some time to-morrow, with interment at Washington Cemetery.

The River.

Due down: Andes this evening and Telegraph to-night.

The Sherley will pass up for Portsmouth at 9 p. m., and Boston for Pomeroy and Keystone State for Pittsburg at midnight.

Captain Charles W. Batchelor, of Pittsburg, has written and issued a history of the famous steamer Buckeye State, which composed one of the daily line of steamers plying in the Pittsburg and Cincinnati trade in '49 and '50.

Surveyor Amor Smith, Jr., of the Cincinnati district, notifies steamboatmen that "the name of every documented vessel of the United States shall be marked upon bow and stern. These names shall be painted or carved and gilded in Roman letters in a light color on a dark ground, and to be distinctly visible. The small letters used shall not be less in size than four inches. If any vessel of the United States shall be found without these names being so marked, the owner or owners shall be liable to a penalty of \$10 for each name omitted."

Railroad News.

Steel rails are being distributed this week along the K. C. between here and Paris. The "Jerkwater" will soon have a good track.

The new owners of the K. C. have not only instructed the surveying of the tunnels, but all the bridges between here and Paris, with the intention of placing them in thorough repair.

The C. and O. passenger department will, in a short time, take another aggressive step, putting on another through, solid daily train between Cincinnati and New York, with dining cars, etc.—Courier-Journal.

Here and There.

Mr. Hiram T. Pearce, of Chattanooga, is here visiting relatives.

Rev. Frank Cheek, of Paris, is visiting his sister Mrs. Will Thomas.

Mrs. Will Thomas has returned from a visit to her mother at Danville.

Genial Tom Garrigan, Traveling Passenger Agent of the O. & M. Railroad, is in town.

Miss Theresa Gormley, of East High street, who has been the guest of friends in Maysville, has returned home.—Lexington Leader.

Notice.

Having engaged my services for the season of 1891 as manager and trimmer in the millinery department of the Bee Hive, I am prepared to dispose of my present stock and fixtures at a sacrifice. All persons indebted to me are requested to call and arrange for an immediate settlement. ALICE SHEA.

At the millinery department of the Bee Hive on and after March 25th. 12d3t

Tourists.

Whether on pleasure bent or business, should take on every trip a bottle of Syrup of Figs, as it acts most pleasantly and effectually on the kidneys, liver and other forms of sickness. For sale in 50-cent and \$1 bottles by all leading druggists.

Opening Continued.

Owing to the inclement weather, the grand opening of Hechinger & Co.'s new clothing emporium will be continued Friday and Saturday, to give the ladies an opportunity of attending.

Young Men, Read This.

Country Produce of all kinds taken in exchange for goods. Goods delivered to all parts of the city free of charge for delivery.

The closing exercises of the Forty Hours

Devotion at St. Patrick's Church were well attended last night. After reciting the Holy Rosary Rev. Father Barry, of Lexington, gave a short instruction, closing his remarks with a brief description of his travels through Jerusalem. His talk was, of course, very interesting. The Devotion closed with the singing of the Litany of the Saints by Revs. Father Barry, Glorieux and Beeler, answered by the choir, and Benediction of the Blessed Sacrament. The attendance at all times was large and the great interest and devotion of the parishioners was gratifying to the venerable pastor, Father Glorieux, and his assistant, Father Beeler.

When Baby was sick, we gave her Castoria.

When she was a Child, she cried for Castoria, When she became Miss, she clung to Castoria, When she had Children, she gave them Castoria.

OUR NEIGHBORS.

MAYSLEICK.
Gardening has commenced.
John Brown and Cassius M. Clay are the favorites here for Governor.
More street lamps are badly needed.
The report that Seymour Myall and Mr. Joe Forman will marry in the spring is denied by both parties.
Miss Ollie Galbreath, of Murphysville, was calling on her many friends here Wednesday.
Jonas Myall, Jr., left for his new home at Lawrenceburg, Ky., Tuesday, where he will engage in the furniture and undertaking business. Mr. M. is a good young man and will no doubt succeed, as he is popular and very attentive to business. OCCASIONAL.

FOR RENT.

D. M. RUNYON, Agt., Court St.

THE Cincinnati Commercial-Gazette advocates the use of brick for paving the streets of that city.

THE noted tragedian, Robert Downing, has been booked for an engagement at the opera house March 23.

MORTON HENDRICKS, of Bethel, Bath County, is said to have eaten three dozen eggs in thirty-eight minutes.

IN the County Court John Brannon qualified as trustee of Mary Brannon, with James Brannon as surety.

THERE is a notice elsewhere of importance to all having claims, accounts or orders against the town of Chester.

DR. AND MRS. JAMES SHACKLEFORD, of this city, with their exceedingly bright children, have moved to Maysville.—Lexington Leader.

THE twelve-year-old daughter of David Scott was drowned in attempting to walk a foot-log across Wolfe Creek, a few miles south of Vanceburg.

IF you intend buying a clock, go to Ballenger, the jeweler, and get one that is an elegant ornament and at the same time a correct time-keeper.

JOHN HILLER was given a life sentence in the "pen" by Judge Louden for killing George Barngrover and Isaac Allen at Hamersville last September.

IN connection with the prayer meeting at the M. E. Church, South, to-night there will be a church conference. Choir practice after prayer meeting.

CAPTAIN JIM HEPLIN, of Maysville, inspected Lilly Lodge, K. of P., Tuesday night. He finds our boys all right, as we usually are.—Carlisle Mercury.

THE PEOPLE'S

That's the Popular Name of the
New Building Association

Over Three Hundred Shares Taken
in a Few Minutes—List of
the Officers.

Maysville has another building association to-day, and it's a home institution.

The People's is the name of the new association, and it starts out under very favorable auspices.

The matter has been quietly discussed for some time by several prominent citizens, who were satisfied there was plenty of room here for another home association. Yesterday afternoon at 5 o'clock the gentlemen who have been talking the matter up met at Sallee & Sallee's office and an organization was soon effected. Articles of incorporation were prepared and over three hundred shares of stock were taken in a few minutes.

Following is a list of the officers:

President—W. LaRue Thomas.
Vice President—Charles B. Pearce.
Secretary—Robt. L. Baldwin.
Treasurer—John Duley.

Attorney—C. L. Sallee.
Directors—C. B. Pearce, Jr., James H. Sallee, Horatio Ficklin, L. C. Blatterman, R. L. Brown, W. T. Cummins, L. Roser, E. A. Robinson, Geo. W. Rogers and S. B. Chunn.

One Director is yet to be elected.

The authorized capital stock was placed at \$1,000,000. The association will be conducted on the same plan as the Mason County and the Limestone. The articles of incorporation give the association the right to establish branch associations.

The building associations have done great things for Maysville and her people. They are good institutions, and it is with pleasure we chronicle the organization of this new one.

Success to all of them.

DR. SHACKLEFORD has leased and is now occupying the residence Rev. D. A. Beardsley sold to Mr. Martin, in the East End.

THE Prohibitionists of the Nicholas-Robertson-Harrison district have nominated W. B. Jett, of Cynthiana, for State Senator.

FIVE of the Presidential postoffices in this State—Carlisle, Eminence, Georgetown, Lexington and Richmond—are still held by Democrats.

THERE will be no preaching at Mitchell's Chapel to-night, but Rev. J. E. Wright will conduct services there tomorrow night at 7:15 o'clock.

THERE were three additions to the M. E. Church last night. Services this afternoon and to-night as usual. Rev. Cyrus Riffe is still assisting the pastor.

DEPUTY COUNTY CLERK LOVEL and family have moved into the rooms lately vacated by Mr. D. C. Frazee and family, in the White building in Second street.

MESSRS. J. BARBOUR RUSSELL and H. C. McDougale have been in Fleming and Nicholas this week interviewing the merchants and soliciting orders for their respective houses.

PARIS thieves have become very bold. They went out on a farm near by the other night and stole a big beef, killing the animal in the field and carrying it away by the piece.

THE railway people are greatly annoyed by the boys who loaf about the depots and jump on and off passing trains. If a few of these youngsters were fined, it would settle the matter.

THE County Commissioners of Nicholas County have made a levy of 15 cents on the \$100 for three years, for the purpose of improving their court house and jail or building new ones.

MRS. W. B. TODD and daughter, of Maysville, came up Saturday to visit her brother-in-law, James Todd and wife, of this city, and left Tuesday for their new home near Lexington.—Fleming Gazette.

THE officials who are to equalize the State taxes between the various counties are in session at Frankfort. The assessor's books from thirteen of the counties have not yet been received by the State Auditor.

PROF. WIGGINS says: "There is on the North Atlantic and approaching the American coast a greater storm than any that will happen during the remainder of this year or any during 1892." The Professor has proved a failure as a weather prophet. Storms rarely ever travel from the East to the West.

THE girls who have been boarding the C. and O.'s Maysville accommodation train of evenings at the depot and riding up to Market street and back had better quit this practice. The officials of the road may call on the police some evening and send the crowd to the station house. Of course no girl who has any self-respect would be guilty of doing any such thing.

THOMAS T. OWINGS is reported dying at Minneapolis from the effects of dissipation and a dose of morphine. The Enquirer says he formerly lived in Maysville.

GEORGE WOOD, colored, has received notice, through Mr. John Walsh, his attorney, that he has been granted a pension at the rate of \$8 a month from July 12, 1890.

THE firm of Cornet & Moore, of Quincy, dealers in dry goods and groceries, made an assignment yesterday morning. They were closed by Cincinnati and Portsmouth firms on a \$5,000 debt.

DR. G. M. WILLIAMS and family now occupy the residence on west side of Limestone street, recently vacated by Mr. M. R. Gilmore. Mr. Gilmore has moved to the Hechinger property a few doors north.

TWO CLERMONT COUNTY farmers quarreled over a shovel, a bundle of wire and some other articles valued at \$8. They went into the courts and are still there. The costs of the case now amount to \$220.

A CAR-LOAD of wire was received Thursday by Frank Owens Hardware company, composed of the very best quality of galvanized barb, galvanized plain and plain annealed wire. Call on them, see wire and prices.

FRANK OWENS HARDWARE CO. have the "agency" for the sale of the "Hathaway" fence wire, a "new thing," the most complete wire fencing ever produced. Can be used for fencing, gates, summer houses, arbors, trailing vines, &c.

THERE were four additions to the Christian Church last night. "Be not deceived, God is not mocked," was the text, and the sermon was one of the strongest appeals to sinners made during the meeting. Preaching again to-night at 7:30 p. m.

THE three G.'s comedy company played to a very good house last evening. This company is becoming more popular with our theater-goers. They deserve to be well patronized. They will play to-night one of Bartley Campbell's pieces entitled "Divorced." Tickets 10, 20 and 30 cents.

THE Bee says: "The Ripley Metallic Paint and Color Company is having a grand success, and has no trouble in disposing of the paint made. It is a success." Mr. Otho Adams tried to start a paint factory here in Maysville about a year ago but failed. He has a factory in successful operation at Ashland now.

THE Hardin News says: "The amusement privilege for the Hardin County fair has already been sold to a Tennessee party for the snug little sum of \$1,000. The Secretary, in drawing the contract for the same, specially stipulated that there should be no gambling, and to make assurance doubly sure he incorporated in the contract the section of the General Statutes against gambling."

THE latest invention for making lunatics, observes the Louisville Times, is from the Paducah News, and runs as follows:

"If you stick a stick across a stick
Or stick a cross across a cross
Or cross a cross across a stick
Or cross a cross across a cross
Or stick a crossed stick across a stick
Or stick a crossed stick across a crossed stick
Or cross a crossed stick across a cross
Or cross a crossed stick across a stick
Or cross a crossed stick across a crossed stick.
Would that be an acrostic?"

MINER'S MAXIMS!

"Strike the Iron When It's Hot."

This old maxim has been changed by the perseverance of Miner, who, when he started in business, began to strike the iron until he made it hot.

By this means he has found the benefit to be derived from using good material.

When you buy Shoes of any kind at Miner's you may be sure they will substantiate all the representations made for them in every way.

Never wait until an opportunity ripens before you pluck it.

Pluck it and ripen it.

Be prompt not only to "take a hint," but to make use of it.

Trustworthiness and Merit are more to be admired than recommendations, as they are harder to find and can't be bought.

Some people wonder how it was Miner got such a reputation for trustworthiness. The answer is simply this: He has always sold Shoes on their Merits.

CABLE CULLINGS.

Italian Government and the Pope.

NO CHANCE OF SETTLEMENT.

The New Cabinet Announces Its Policy. Heavy Snow Blockade Still Exists in England—Serious Fire Loss in Prussia. Other Foreign Happenings.

LONDON, March 12.—It is stated in a dispatch from Rome that Cardinal Rampolla is unalterably opposed to any arrangements with the Italian government short of a substantial concession of temporal power to the pope, and has so replied to the advances of Premier Rudini. The pope professes to take no interest in the change in the Italian cabinet, and has so instructed his officers at home and his nuncios abroad.

The occupation of Rome is deemed a usurpation, and there can be no change in the attitude toward Italy while that occupation continues. This is the position of the pope, as enunciated in substance by Cardinal Rampolla, and all hope of a reconciliation between Humbert's government and the papacy is looked upon as visionary in Rome, as the surrender of that city to the papal jurisdiction is out of the question.

One sign that there is no cessation of bitterness between the Vatican and the Quirinal is the opposition of the pope to the proposed visit to King Humbert by the Archduke Franz Ferdinand, Austrian heir presumptive. This visit had been officially determined upon, when the Vatican sent an indignation protest to the Austrian court, and now it is stated that the visit will not be made. This accident of Austrian subservency to papal influences has tended much to weaken the attachment of Italy to the triple alliance.

Cutting Down Expenses.

LONDON, March 12.—Advices from Berlin show that the government continues to cut down the expenditures for military equipment. At Spandau the force employed in the manufacture of small arms has been reduced from 2,000 to 600, and work is also less active at the dockyards since the reichstag gave notice that extravagance in naval construction would not be permitted. It is stated also that, for the present the plan of converting the city of Breslau into a great fortress will not be carried out. This is a favorite scheme of Count Waldersee, and also had the approval of Moltke.

Destructive Fire in Prussia.

LONDON, March 12.—A destructive fire is reported from Brunen, Prussia. Thirty-five houses were destroyed, and help had to be called in from neighboring places to subdue the flames. Another destructive fire is reported from the little town of Zeechin, in Brandenburg. The Friedrichsauer sugar works at that place, which employed a large proportion of the inhabitants, were utterly destroyed by the flames, involving a loss of about 1,000,000 florins.

Snow Blockade Still Exists.

LONDON, March 12.—The snow continues to block the roads and railways to a certain extent, but the situation is improving. In southwest England trains are still snowed in in some districts, and communication with Wales is delayed. The blockade has raised the price of food in many places, but no absolute scarcity is reported. The railroads are hard at work clearing their lines and traffic is resumed, but in many places the trains still run irregularly.

Catholic Leader Dying.

BERLIN, March 12.—It is feared that Herr Windthorst, the great Catholic leader, is dying. He has received the last sacrament. He is suffering with congestion of the lungs.

Fourteen Lives Lost.

LONDON, March 12.—The British ship "Boy," of Panama, has been wrecked off Falmouth, and the captain, his wife and twelve of the crew drowned.

Another Railroad Combustion.

EVANSVILLE, Ind., March 12.—C. P. Huntington, president of the Huntington system, which has lately purchased the Mobile and Ohio road; M. E. Ingalls, president of the Big Four; J. F. Barnard, president and general manager of the Ohio and Mississippi; Gen. John Echols, of the Chesapeake, Ohio and Southwestern, and George W. Saul, of the Chicago and Eastern Illinois, have arrived here. It is said they are here to secure the entrance to Evansville of the Mobile and Ohio road from the south and the Big Four from the north, thus forming a big railroad combination.

Money Cuts no Figure.

INDIANAPOLIS, March 12.—A bill which provides that no stockholder in a corporation shall have more than one vote, no matter how many shares he may have, has become a law. It is likely to cause a vast amount of trouble to corporations and stock companies, because it places in the power of a few men having small interests the control of companies owned almost wholly by others. It is wholly inexplicable that the bill should have gone through the legislature without its extraordinary provisions having been discovered.

Murdered for Revenge.

ASHTABULA, O., March 12.—Henry McCresty, the keeper of a saloon and sporting resort, was found lying in a gutter near here yesterday morning with a bullet through his body, and his throat cut from ear to ear. His watch and money were in his pockets, and the deed is supposed to have been done by some one who wanted revenge.

The Mother of Five Ministers.

CANTON, O., March 12.—Mrs. Fannie Wilson celebrated her 80th birthday at her home at Navarre yesterday. There was a family reunion. Mrs. Wilson is the mother of five sons, all of whom are ministers of the gospel and yet living.

Woman Fatally Burned.

LIMA, O., March 12.—Mrs. O. S. Butterfield, the wife of a bridge foreman on the Fort Wayne railroad, was fatally burned last night while filling lamps with coal oil.

SERIOUS FIRE LOSSES.

A Destructive Blaze in Pittsburgh and Another in Chicago.

PITTSBURGH, March 12.—The Germania bank building, on the southwest corner of Diamond and Wood streets, and the Weldin building, on the northwest corner of the same streets, were burned last night at midnight. The Germania building is occupied by the chamber of commerce, R. G. Dun, & Company, Rea Brothers & Company, bankers and brokers, the Mutual Union Telegraph company and several other offices. The loss on the Germania building will be \$100,000; insured. J. K. Weidling & company, stationers, loss on goods will reach \$150,000. The total loss from the fire will reach at least \$300,000.

At one time the two blocks on either side of Diamond street were threatened, and it was with great difficulty the fire was gotten under control. About two years ago the Weldin building was crushed in by the Willey building being erected, and thirteen people were killed. The Weldin building had just lately been completed.

The Loss in Chicago.

CHICAGO, March 12.—A fire started by a careless boy lighting a match in the oil room in the basement of the five story manufacturing building at 105, 107 and 109 Milton street, last night, destroyed the building and caused a loss of \$55,000. The loss is divided between Henry Mererbar, owner of the building, and the following tenants: L. Piezer & Company, four dealers; the George H. Hess company, furnaces and stoves; Tarkovsky & Company, picture frames and moldings; A. Crane, machinist, and the Bormen Milling company.

The tenants of several adjoining buildings also sustained small losses. The loss on the building is covered by insurance. Piezer's stock was insured for \$10,000; Tarkovsky's for \$7,000, and the other sufferers were partially insured. Two hundred and fifty persons employed in the building got out in safety but there were many narrow escapes.

Dwelling and Owner Burned.

BUFFALO, March 12.—Thomas Harwood, a prominent farmer, aged 70 years, residing at Yorkshire Centre, was burned to death last night by the burning of his dwelling. An overheated stove caused the fire.

THE MISSISSIPPI FLOODS.

No Further Damages Done and the Worst is Believed Over.

NASHVILLE, March 12.—The river has remained nearly stationary during the past twenty-four hours, and unless heavy rains fall no further rise is expected. Messages received from Burnside, Ky., at the head of the Cumberland river, reported a fall of from eight to nine feet. The weather is warm and cloudy, however, and rain is probable.

While the loss sustained by those who were driven from their homes by backwater in the aggregate is not very great, it has fallen individually upon those who could ill afford to stand it, and much suffering has been the result.

Railroad Repaired.

NEW ORLEANS, March 12.—The heaviest sufferers by the recent rains was the Illinois Central railroad. It has succeeded in repairing all breaks on its line and is now handling business to all points without delay.

Nineteen Passengers Snow-Bound.

DENVER, March 12.—A special to The Republican from Ivanhoe, Col., says: Nineteen passengers have been snow-bound on the eastbound Midland train, twenty miles west of Leadville, since early Monday morning, and the snow has fallen continuously since. They have plenty of coal and provisions, but no immediate prospects of rescue. The trainmaster and roadmaster are doing all in their power to open the road. The storm still rages, and prospects are not very encouraging to the company.

Farmers' Alliance Measure Passed.

COLUMBUS, O., March 12.—The Rawlings bill, amending the tax laws of Ohio so that manufacturers cannot enjoy exemption from taxation on their product for one year after production as heretofore, passed the senate yesterday afternoon and is now a law. The bill met the combined opposition of the manufacturers. It was a Farmers' Alliance measure, and is a great victory for that organization.

Quarrel Over Religion.

ALBANY, March 12.—Peter Hecker, a German aged 63 years, living with his family on Central avenue, this city, slashed his wife with a razor last night so badly that her recovery is very doubtful. He then cut his own throat and expired in about half an hour. A quarrel over a matter of religion was the cause, the husband being angry because the wife went to a certain church.

Colored Man Shot.

CINCINNATI, March 12.—Tom Marshall, a colored man about 40 years of age, was instantly killed last night about 8 o'clock on Colerain avenue, between Powe's street and the Cincinnati, Hamilton and Dayton tracks, by George Lawrence, also colored. The murder was the outcome of a quarrel between the dead man and Mrs. Lizzie Bentley, a cousin of the murderer.

Four Men Badly Injured.

WILLIAMSPORT, Pa., March 12.—The entire front of a hotel here in course of demolition collapsed yesterday afternoon and four of the workmen were buried beneath the debris. They were speedily rescued, but are badly injured. They are: F. Swartz, injured internally; he will probably die. James Crawford, head cut and side bruised; Edward Busch, badly hurt; Francis Ulmer, left leg bruised. All the men were buried under the wreckage, their escape from instant death being miraculous.

Latest Boomer Movement.

PIERRE, S. Dak., March 12.—There is great excitement here over the attempt of boomers to capture land in Fort Pierre last night. The settlers have one hundred guns in their possession. The town site is under military rule, and guards have been thrown out.

NEW YORK, March 12.—The Windom fund was increased by the addition of \$1,000 yesterday. This leaves but \$800 to be subscribed to complete the \$50,000 it was originally decided to raise.

A FEW OF THE MANY BARGAINS

—TO BE FOUND AT—

HOEFELICH'S.

9-4 Sheetings at 20c., worth 25c.
9-4 Sheetings at 25c., worth 30c.
